Electric Tailgate

Up to 1175L Cargo Volume with Rear Seats Folded
Generous Storage Space

The Louvered Grille Mesh

Integrated T-shaped Front & Rear LED Lights

Designed for Real Life. Styled for the Way You Live It.

The headlights, grille, and fog lamps together form a "Swooping Wing" front design, where multiple triangular elements create a dynamic, soaring visual effect.

The one-piece, T-shaped front and rear lights feature sleek, sharp lines that radiate a futuristic, high-tech vibe. Resembling spread wings, the illuminated design traces feather-like patterns, creating a crisp, modern, and technologically advanced aesthetic.
